

**GLEBE HOUSE  
SCHOOL**

This is Helena's book.

It is special to Helena and her family and records Helena's progress and development and celebrates her achievements here at Nursery and at Home. Helena can add pictures or ask an adult to write in it for her.

We welcome parents and carers comments, so please write about events at home and add photographs, tickets, information about days out or anything of interest to you and your child.

We encourage children to share their special books with others to celebrate their success, share experiences and feel good about themselves.
